

Journal of Cyber Security

Journal of
Criminal Justice

Journal of
Cyber Security

What is an
Open Access Journal?

The inevitability of
Open Access

A Proposal for a Cyber-Security/Homeland Security Program at UW-Platteville

1. **Create cyber-security and criminal justice journals (open access) for UW-Platteville Faculty, Staff & Students as well as outside scholars to publish their peer-reviewed work and be recognized outside of UWP.**
 - a. I now own the following sites: Journal of Criminal Justice at journalofcriminaljustice.org and journalofcriminaljustice.com Journal of Cyber Security at journalofcybersecurity.org and journalofcybersecurity.com
 - b. These sites will become open access journals for peer-reviewed articles.
2. **Create an undergraduate and graduate course for cyber-security.**
3. **Create an undergraduate and graduate course for homeland security (I have already developed a Special Topics in CJ: Domestic Terrorism course that could easily be turned into an elective course for CJ offered at least once a year.)**
4. **Form Workshops as a Community Outreach Program** to educate law enforcement and private business in cyber-security.
5. **Create more homeland security and cyber-security courses in the next years. E.g.:**
 - a. Foundations in Homeland Security
 - b. Homeland security preparedness and response
 - c. Advanced Quantitative Methods for Decision Making Under Uncertainty
 - d. Managing Resources and Applications for Homeland Security
 - e. Basic and Advanced Cyber Forensics

**THROOP EXHIBIT III - 001
UW-P 000329**

- f. Computer and Information Security
 - g. Information and Cybercrime Seminar
6. **Develop an emphasis in homeland & cyber security within Criminal Justice.**
 7. **Turn emphasis into a major in homeland & cyber security in the next years.**
 8. **Build a UWP Cyber-Security Center.**
