Thanks, Mittie. Lizzy Gates wrote in her last email this weekend "I hope it's just an administrative oversight." She was a bit concerned and I started to worry too.

Subject: Late tenure letter

Hello Sabina,

Liz Schaal forwarded your concern regarding the tardiness of your letter from the Chancellor recommending that you receive tenure. I believe she called you immediately when she realized that you had received a retention letter rather than a tenure letter, explained that this was an office error, and that a revised tenure letter from the Chancellor is forthcoming.

This was simply a glitch in process and I apologize for any concern it has caused you.

Sincerely,

Mittie
