Please include Dr. Barraclough's investigative report from Oct. 2015. I would like to review that report as well. Especially since the chancellor's decision indicates that Throop's complaint had merit but he didn't bother to elaborate on what allegations had merit.

Thanks.

Director Crowley,

Please send me a copy of Burke's report.

Thank you,

SB

Dr. Burton,

My understanding is that the report was delivered electronically to Dr. Crowley today.

Dale

Hello Dale,

What is the status of the investigation and the report? You promised to inform me when it was complete with a deadline of the end of Oct. My understanding is that you were also instructed to investigate Ms. Rice. The Chancellor and Ms. Crowley rushed the investigation and Ms. Lattis didn't even want to accommodate my doctor's very reasonable request for a one month delay due to health problems. Suddenly there seems to be no rush anymore at all. Is that proof that the Chancellor and Lattis just designed this sham investigation with threat of termination in retaliation and to harass me? Chancellor Shields offered to meet with me 3 times yet when I asked for an appointment I didn't even get a response.

Just like you I made a recording of the investigative meeting you had with me. The recording and the evidence has been uploaded to universitycorruption.com. You conceded at the meeting that Deb Rice did not give you any evidence whatsoever to support her false allegations yet the Chancellor and Crowley pushed for an investigation and threatened me with job termination over allegations that don't even amount to a violation of any policy or law. That clearly flouts U.S. Due Process protection. I think you have been used to harass me. How do you feel about that?

Kind regards,

Sabina

Dr. Burton,

I did indeed receive all three of your emails.

I submitted my draft to my boss at the Riseling Group last Wednesday. She has been in Washington D.C. since then and just returned yesterday. She and I are meeting tomorrow morning to discuss the report. A draft will then be submitted to Dr. Crowley. As soon as revisions are made (assuming any are required) and the report is finalized, I will let you know.

I sincerely hope you are feeling better, Dale

Hello Mr. Burke,

3 weeks ago I submitted 3 separate emails with attached documents that you requested. I just want to make sure that you received the emails.

Please inform me about the stand of the investigation.

Thank you,

SB
