To: Nate Cade <nate@cade-law.com>;

Could you please look into this as part into your investigation. I am not sure they included the conversations about this grievance request in the package you requested.

This is exactly why I have a problem with UW-Legal under Lattis.

Thank you.

Subject: Fw: Grievance

UW-P is refusing to hear my grievance for the letter of direction that Dean Throop issued against me. Based on the false allegations in the LOD Dean Throop filed a 6.02 Complaint with the Chancellor against me. The Chancellor's office finished its investigation in late Oct. 2015 but has not yet issued its findings or decision.

You cannot get a grievance at UWP. They can make up whatever they want and you can't address this. This is not the U.S.A. but North Korea!

I wonder what role UW-Legal played in all this.
