Subject: Applied Research-WiSys Technology Advancement Grant Pre-proposal Feedback

Dear Sabina,

Thank you for submitting a pre-proposal for an Applied Research-WiSys Technology Advancement Grant. Your pre-proposal titled "Cyber-Security Program at UW-Platteville" has been reviewed. A PDF version including comments from our review, as well as the pre-proposal assistance you requested are attached.

The pre-proposal review is meant to provide feedback from a general reviewer perspective and to point out areas that may need more emphasis or explaining to meet the criteria in

the evaluation guidelines. It is not a technical review of the science or technology. We encourage all applications to the ARG and AR-WiTAG programs.

We look forward to receiving your full proposal no later than January 14, 2013. More information can be found at [www.wisys.org/grants/](http://www.wisys.org/grants/) . Feel free to contact me with questions.

Regards,

Erin M. Gill, PhD
