Hi Tom, (just a few ideas)

When analyzing:

1. Your projected enrollment numbers and faculty allocations (handed out at the last meeting),
2. the HLC Requirements, and
3. Online Teaching Release Time Rule: For any given semester, an online course must have 20 students enrolled in that course for the faculty instructor to get release time (.25).

I can up with -- something like this:

Position 1: Chair - tenure-track

- Ph.D. in CJ or related field; generalist, emphasis in law enforcement
- .50 chair duties
- .25 on campus teaching (law enforcement-related course or other related course)
- .25 online teaching (CJ 7030 or law enforcement-related course)

Position 2: tenure-track

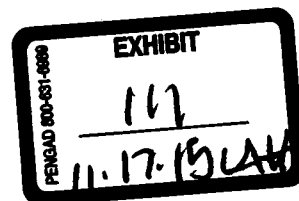

- Ph.D in CJ or Criminology or related field; generalist, emphasis in corrections
- .50 on campus teaching (corrections-related courses)
- .25 online teaching (online graduate corrections course)
- .25 online teaching (online undergraduate corrections course or related course)

Position 3: tenure-track (TSI POSITION)

- Ph.D in CJ or related field; emphasis law enforcement, successful candidate will be expected to teach crime scene investigation, forensics, criminal investigation, etc.
- (similar to Southern Utah University advertise in the Chronicle).
- 1.00 -- teaching on campus only.

Just some ideas -

Thanks,  
Cheryl
