Sorry Sabina. It looks like 20-25 students for release time with approval of Dean. I attached your contract (see payment option for overload policy). I hope that helps clarify the policy.

I hope all is going well for you .. looking forward to seeing you on campus. I can't believe how fast the summer is going.

Cheryl,

Please send me the policy of "25 students minimum for grad. courses" dated back to the time I was hired. I just want to make sure this is not another form of retaliation against me. This will help clarify things for me. I may or may not teach overload in spring. I can't say yet.

Thanks,

Sabina

Sabina, the problem is is that enrollment numbers for 'part of load' 25% must be 25 students. I know the Cyber-Crime course will not reach 25 student enrollment.

Hi Cheryl,

I love to teach the course again. Not sure yet whether I want to do overload. However, my contract says that 25% of my teaching is online grad work. Tom didn't care about the contract as he wanted to get me away from your influence. I would like to see my contract being honored. Teaching graduate courses was part of the reason I accepted this teaching position.

So yes, I plan to teach cyber crime and 3 undergraduate courses.

Sabina

Hi Sabina,

I need to send in the MSCJ course list for Spring 2015.

Cyber-Crime is listed on the course (rotation) list for Spring 2015. Did you still want to teach it as an overload in the spring? If too much, I will try to get another instructor. Anyone you can recommend? (I hope you teach it, though.)

Thanks,
Cheryl
