Hello Cheryl,

Please find the electronically signed contract for the seminar paper with Chad Johnson attached. I did not sign the other overload contract for CJ 7340 Cyber Crime. CJ 7340 should be the 4th course of regular load as part of my teaching contract and not an overload course. I was not hired to teach Police Function. That was part of Roberts' teaching schedule. Caywood had me teach Police Function when Roberts left the CJ department to help out covering the course temporarily (not indefinitely). Please honor my contract. Please don't continue the ongoing violation of my contract.

As I informed you previously, Pat Solar teaches an online course as his 4th course of load this fall semester. Why does Solar not teach exclusively face-to-face courses? He was not hired to teach online. I know this because I was on the search and screen committee for Solar's position.

I am asking you again: Are you punishing me for having filed a grievance? Are you stating that teaching a grad course was not part of my contract or not discussed at my job interview on March 27, 2009?

Please honor my contract and assign the CJ 7340 Cyber Crime course to me as part of my regular load.

Thank you,

Sabina
