

1-16-07

I meet with Cheryl Fuller in her office around 11:30 AM on 1/16/07. Confronted her about personal attacks on Aina. She denied such. I brought up her behavior at recent faculty meetings where we were trying to come up with a position to help teach some of the forensic courses.

She brought up all she had done for Aina. Gave him cloth, took him to dinner etc.

Conversations did not go well - finally just told her to stop her personal attacks on Aina.
