Dear Special Agent Peskie,

My husband Roger spoke with you yesterday about my problems at work. Thank you for being interested in looking into the matter for me. I understand that you need to have indication of violations of state law in order to investigate so I have attached a letter detailing some of the matters that I believe need immediate investigation. First open the labeled "State Law Violations" and that document will reference the other documents.

I have filed a similar complaint with the EEOC on Oct 20, 2014. I have not heard back from them yet as to the status of my request.

This is an emergency in that my job is very near illegal termination and there is an illegal search being rushed by the university.

I request that your agency conduct an investigation into these matters as soon as possible.

Thank you,
