Confirmations of my presence in class last Friday are coming in faster than I can forward them to the HR director. This one is worth sharing.

The dean is bullying me. She wants to fire me for falsified reasons. Dalecki is part of this conspiracy as he saw me on Friday! Does our Chancellor condone this?

Professor Burton,

I confirm that you taught class Last Friday, December 12th, We covered in more depth the Slenderman topics, if the dean has problems with this you have her look at your attendance sheet for that day and email us students that had attended. She is in the wrong, and should probably know facts and research these things before she makes false accusations. Obviously she isnt doing her job right and she should be looked into.

Subject: I need your help!!!

Dear Student,

Dean Throop falsely accused me of canceling my class last Friday and wants to fire me over it. Please see the email below to see her extremely harsh and false accusations.

I ask that you please reply to this email with your confirmation that I did teach my class last Friday, Dec 12, 2014 to prove to Dean Throop that I did not cancel the class. This is extremely important for me. Dean Throop wants to fire me. If you came to class on Friday, Dec 12, 2014 you know that I was there. Dean Throop wants to discipline me for not being at the class. She is just looking for reasons to "discipline" me. Your confirmation that I was in class on that day will convince her that she has her facts wrong and could save me from severe discipline that I don't deserve.

Why does Dean Throop want to hurt me you ask? Well, since I am asking you for an honest response I will give you an honest answer to this question.

On Oct 11, 2012 a female student came to me with a complaint of a sexual advance by a male faculty member. I helped the student report the complaint to Student Affairs. I have been mercilessly harassed since then for my actions in assisting that student.

I have tried to keep students out of this conversation but the Dean has put me in a position where I need students to confirm my presence in my classes last Friday. I need your help. Please reply to this email as soon as you can with your confirmation that I was in class on Friday, Dec 12, 2014.

Thank you so much,

Below is Dean Throop's email to me:

Subject: Absence without permission

Dear Dr. Burton:

It has come to my attention that you cancelled classes last Friday, the last day of classes, so that you could travel to Germany. You did not obtain permission from your chair for this absence; indeed, you did not even inform him that you would be gone. You are in violation of UW Platteville's Employee Handbook, specifically Part 2: Faculty and Academic Staff Responsibilities: Absence for Personal Reasons, to wit: "All absences of faculty or academic staff members for illness or emergency shall be reported to the department chair, dean, or program director as early as possible. The individual should obtain from and file with the department chair/office, a Request for Absence form as soon as possible. The department chair forwards the form to the dean of the college or supervisor, who sends it to the Human Resources Office

I will be forced to pursue disciplinary measures as a result.
