OK. Form 1 for this position was submitted on November 8th. Form 2 was approved on November 27. All of the was brought up at our last department meeting. I'm not excluding you from anything. You are a member of that search as well as the two other tenure track positions. We will have 5 possibly 6 searches for next fall. We don't need 6 different chairs. We are doubling up to cut down some of the duplication.
