Sabina,

Great job on TV last night! We're very much looking forward to tonight's report as well. Once both reports are online, the producer is sending out a link to Dan, and we will send that out to all of campus.

Thank you to everyone who worked so hard to make this report a reality. Great cooperation across departments!

Wow! That is so awesome!

We'll be wanting to borrow that DVD when it comes in. :)

Sabina,

Wanted to let you know that, after hearing you weigh-in on abduction cases, my news director decided to air a two part series about the forensics house. He was very impressed with your insights about child abductors and pedophiles. We are airing this portion tonight at 10 and then the full feature of the forensics house and UW Platteville criminal justice/forensics program tomorrow at 10!

You are taking over our newscasts lol!

PS I did call the Omaha FBI spokesman that I dealt with on the Evansdale case. She is checking to see if they consulted profilers in the case. She suspects they did, but does not believe any specific profile was ever constructed for a potential suspect.

I will have both stories on the DVD for you!
