Subject: removal as chair

Late Monday afternoon I was removed as chair by the provost. My future role in the department or university is unclear at this time. I asked to remain as chair until the end of August. Whether or not that is granted I don't know. How I will be replaced is also unclear. Whether from within the department or with an interim from campus then a nation wide search. All this is unclear. I am telling you this so as a department you are aware of what is going on and more importantly you as a department may want to have a say in who and how the next chair is selected. Whether or not there is a transition period I don't know.

The spring 2014 schedule has been submitted. Only 1 course in cj still needs to be covered by an adjunct. All other major issues have been taken care of. I will remain in a caretaker role. But I will not be making any future decisions concerning this department.
